ITNS Winter Workshop 2012

TRANSPLANT NURSING ACROSS THE LIFESPAN...

February 17 - 19, 2012

INTERNATIONAL TRANSPLANT NURSES SOCIETY

DoubleTree Atlanta Buckhead
Atlanta, Georgia USA
Who Should Attend?
Healthcare professionals involved in organ donation and transplantation strive for excellence at all levels. The combined expertise and the sharing of best practices of a dedicated multidisciplinary healthcare team ensures optimal care across the lifespan.

This workshop offers both healthcare professionals and allied healthcare professionals, with all levels of expertise, an opportunity to expand their knowledge, debate best practices, discuss challenges and improve competencies. In addition, the workshop will provide a forum for networking with colleagues and exhibitors in a collegial atmosphere.

Course Format
This full two and a half day workshop will consist of two tracks, pediatric and adult. The format for this workshop will consist of general lectures and concurrent sessions. A variety of presentations regarding the care of the pediatric and adult transplant patient will be presented by expert faculty.

After completion of this workshop, the participant should be able to:
(1) Discuss current challenges encountered when caring for adult and/or pediatric organ transplant recipients and their families in healthcare settings.
(2) Evaluate key lifespan transitions for pediatric and/or adult organ transplant recipients and their families.
(3) Analyze best nursing practices utilized to care for adult and pediatric organ transplant recipients and their families in various healthcare delivery settings.

Purpose
The overall goals of this workshop are to create excellence in clinical practice, education and research throughout the transplant process, while recognizing unique needs of both adult and pediatric patients and their families. Meeting the needs of pediatric transplantation patients can be significantly different than those of adults. Transitioning from childhood to adulthood poses many challenges along the way. This workshop will highlight interdisciplinary team collaboration which paves the way towards the care and management of patients of all ages before, during and after transplantation.
ITNS Winter Workshop February 17 - 19, 2012

Workshop Venue
Atlanta is a world class modern city and boasts a rich passionate history. Often called the city of the progressive New South, Atlanta has beautifully maintained the Old South architectural characteristics. Also called the “city of trees,” Atlanta is surprisingly full with magnolias, dogwoods and southern pines. A lush tree canopy and a perpetually mild climate encourages year round outdoor activity.

Recently named one of the top five American cities, Atlanta is well known for its cultural offerings including the High Museum of Art, Jimmy Carter Presidential Library, Atlanta History Center, Martin Luther King Historic site and the Margaret Mitchell House and Museum and attractions such as the World of Coke, the Atlanta Botanical Center, Centennial Olympic Park, City Center, CNN Center, ESPN Zone and the world famous Georgia Aquarium.

Eclectic neighborhoods with flair fill Atlanta and offer something for everyone. Little Five Points is Atlanta’s bohemian hangout and home to a rich mix of art, theater & shopping. Virginia Highland features hip boutiques. East Atlanta Village is filled with homegrown restaurants and gastro pubs. The historic district of Cabbage town boasts impressive architectural restorations. Decatur Square is a charming unique neighborhood six miles east of downtown, friendly walkable and right on the MARTA (Atlanta’s rail transit system) line with over 200 boutiques, restaurants and galleries.

Continuing Education Credits
ITNS has applied to ABTC for providership and certified nursing approval of CEPTC credits for certified transplant nurses and coordinators who attend this Winter Workshop. An application has also been submitted to the Ohio Nurses Association for general nursing CE credits. Typically, one hour of education = 1 CE unit, however, the exact number of credits awarded will not be known until closer to the workshop. International attendees will receive a Certificate of Attendance.

Registration
Due to the topics covered in this Winter Workshop, we are expecting a good audience. Please register early. The registration deadline is February 1, 2012. After the deadline date, please call for space availability +1 412-343-4867.

Workshop Fees
ITNS members .......................................................$375
ITNS non-member, but joining now .......................$450
Non-members ..........................................................$450

Course Location and Accommodations
DoubleTree Atlanta Buckhead Hotel
3342 Peachtree Road
Atlanta, Georgia 30326
Phone: +1 404-231-1234
Fax: +1 404-238-0016

Rates: $139 plus taxes, Single or Double

The DoubleTree Atlanta Buckhead Hotel is a full service boutique-feel hotel with southern charm and is located in a beautiful park setting in the heart of trendy Buckhead. This location in Buckhead offers a vast selection of dining and entertainment venues and the hotel is only 1 ½ blocks from Lenox Mall and Phipps Plaza – the best shopping in the southeast. The MARTA (Atlanta’s rail transit system) station is within 1 ½ blocks of the hotel and provides easy access to the city of Atlanta.

Each guest room features the signature DoubleTree Sweet Dreams bed, coffeemaker, hairdryer and complimentary high speed internet access, newspaper (M-F). The hotel offers a complimentary on-site fitness club for guests.

All reservations must be received by January 26, 2012 to receive group rates. Mention ITNS to receive the group rate. Rates are guaranteed for February 16-19, 2012 and based on group block availability. Requests prior to and after the meeting will be accepted only on a space availability basis.

Travel Details
The hotel is located less than 25 minutes from the Hartsfield Jackson International Airport. Shuttle to and from the airport is $20.50 for one-way and $37 for a round trip. You can purchase your ticket and board the shuttle outside of the baggage claim area. Taxi service is approximately $50-$60 USD each way.

 Valet parking is available at the hotel for $25/night with in and out privileges. Self parking is $20/day.

Airline Reservation Assistance
Sue Ryan at Travel By Design can assist interested parties in making their air transportation arrangements. Sue can be reached at +1 847-395-2772 or e-mail tbdesign@ameritech.net. Note that a standard travel agency fee applies when using this service to book your flight.

## Membership Information

**Membership Dues**  
*Payment in U.S. Funds Only*

- [ ] Active RN  $100/year  $270/three years  (circle one)  
  (All RNs. All Active members are entitled to vote, hold office and serve on committees at the international level. Per the ITNS Bylaws, any RN must join as Active)

- [ ] Associate  $50/year  $135/three years  (circle one)  
  (Any non-RN health professional involved in transplantation. Associate members are not entitled to vote, hold office or serve on committees at an international level but may participate in these activities in local ITNS chapters.)

- [ ] Retired RN  $75/year  $200/three years

- [ ] Emerging Countries Members  $25/year  $75/3 years
  ITNS is pleased to announce a reduced membership fee to allow transplant professionals from countries with emerging economies the opportunity to join the society at a reduced rate of $25. For ITNS to support, these members will have access to all benefits in electronic format only, thus it is required that we have an e-mail address for all this membership category. Countries are defined as low income and or an IDA lending status by the World Bank as of July 2006, or as a European Emerging Country by Europe. A list of countries is available at http://itns.org/membership/reduced-rate.
